

Dear registered ENTR Lot 8 Stakeholder,

We would like to inform you that a second stakeholder meeting for the preparatory study Lot 8 on Ecodesign for Power Cables in Indoor Electrical Installations will be held in Brussels on June the 3th, 2014. The main objective of this meeting is to discuss the technical aspects related to the study (Task 1-5 reports) and present the next steps of the analysis. The meeting will take place in room 5B in the Breydel building.

Details about the study and other information are available on the ENTR Lot 8 website [www.erp4cables.net](http://www.erp4cables.net). All relevant documents will be published on the ENTR Lot 8 website prior to the stakeholder meeting.

For security reasons, participants to a meeting organised at the European Commission need to be identified in advance via a registration system (e-Pass).

Please confirm therefore your participation before May the 27th , 2014 by filling out the Register for meeting form on the web site.
